Double/Multiple Entries (For Saturday, July 17 Main Event)

- A racer can enter up to two times with one vehicle in the Box side and/or the No-Box side. However, once each side is merged into one grouping you **MUST BE ABLE TO COME IMMEDIATELY BACK TO STAGING**. We will not wait for cars to be re-fueled, re-charged, etc. Should you decide to "double enter" it's your responsibility to be ready on time.

- A racer can enter up to two separate vehicles on each side (box or no-box), effectively allowing up to four entries on either side. Again, the driver **MUST** be able to get around in a very timely manner and the vehicles need to be ready as well.

- A racer entering more than once on either side **WILL BE REQUIRED** to add a letter behind their regular number to signify double entry and to be tracked properly throughout the race. For example, if your car number is C451 and you're entered twice, the second entry must correspond with the tech card color you received. Example C451 would be C451B .. (The "B" stands for a BLUE tech card in this example).
